- THE NEED FOR A STABLE ECONOMY IN 2021-**
- A REAL NEED FOR THE POLITICAL STABILITY-**
- A PUBLIC AND PRIVATE SECTOR INIATIVE-**
- THE NEED FOR COLLABORATIVE JUSTICE-**
- THE EXECUTIVE SUMMARY – JULY 2021-**

THE GIDEON PROJECT: THE OPERATION NEHEMIAH: THE FOOD FOR GUNS DRIVE FOR ILLEGAL GUNS!

1. The impact on the economy is devastating and South Africa must reclaim all that responsibility.
2. The crime and lawlessness has been uncontrolled - but is highly organised by criminal elements.
3. The cost to the economy is destructive and a total cost to the economy is not even understood.
4. The impact on the economy is devastating and South Africa must remove corruption and crime.
5. The cost to investor confidence and infrastructure is crippling and not understood by politicians.
6. The crime and corruption are the enemies of the country and economy - and must be removed.
7. The cost to the entire country is devastating: unacceptable - and South Africa must react to this.

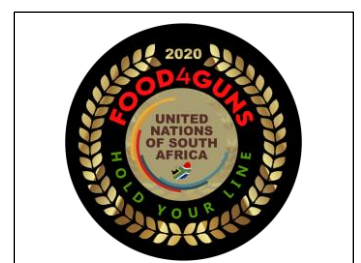

The entire Country and the citizens must be responsible to remove the lawlessness and this corruption!

1. Counting the costs of these riots and these crimes against society must be an on-going process.
2. Justice must be swift and timeous and the penalties must befit the crimes against an economy.
3. The economy is not the responsibility of the SADF and SAPS as it is a moral imperative of us all!
4. Counting the costs of these acts of crime and corruption and lawlessness is the duty of society.
5. South Africa is riddled with crime: corruption: and poverty and this is due to a failed economy!
6. Justice has been delayed or denied and the SAPS and SADF have not protected the businesses.
7. Counting the costs of this devastation must be done with an open mind and with that solution.

The entire Country and the citizens must unite and provide that solution to the loss of all this economy!

1. South Africa cannot hope to recover without the collaborative cooperation from all the sectors.
2. Business chambers must combat all crime and civil society must deal with plague of corruption.
3. South Africa cannot deny that we are a violent: hostile: lawless and failed African state in 2021.
4. Business chambers create a vibrant economy and pay the price for a silence to that corruption.
5. South Africa cannot deny that we have Junk Status: Recession or we are a crime capital in 2021.
6. Business chambers create employment and stimulate the economy that must all be protected.
7. South Africa cannot provide that solution if the cause of the crime and corruption is unknown!

SOUTH AFRICA NEEDS UNITY: WISDOM: LEADERSHIP: AND THE SOLUTION TO A PLAGUE OF CRIME!

SOUTH AFRICA: ASSESSMENT OF THE IMPACT OF CRIME: CORRUPTION: AND LOSS OF AN ECONOMY!

1. South Africa must count the cost of this violence: lawlessness: riots: and crime and corruption.
2. More than 200 shopping malls were clearly targeted and then destroyed - in this wave of crime.
3. More than 45 000 businesses in Durban alone were destroyed in this wave of lawless terrorism.
4. South Africa must count the cost of this loss to the economy and also begin to realise the cause.
5. More than 1.5 million people have been left without an income - and it is devastating for them.
6. More than 800 stores and retailers have been looted - 200 000 people have lost SASSA grants!
7. South Africa must count the cost of this rioting and more than 36 Cash Build stores destroyed.

South Africa must begin to count the cost to the economy by terrorism and then assess the cause of it.

1. South Africa must begin to assess the damage and understand reason for this disaster - in 2021.
2. More than 550 squatter camps are all situated in KZN alone and also more than 900 in Gauteng.
3. More than R16 Billion in stock was stolen and Mr Price lost more than 109 retail outlets in 2021.
4. South Africa must begin to realise the extent of the destruction and realise the loss to economy.
5. More than R5 Billion was stolen through all looting but also more than R3 trillion in corruptions.
6. More than 353 000 tons of sugar was destroyed: and 535 Mr Price stores were damaged in this.
7. South Africa must begin to understand the impact of all violence on 34 sectors of the economy.

South Africa must begin to count the cost to the country by this violence: corruption and also all crime.

1. South Africa must know the truth about the nature of the crime before a solution can be found.
2. The country has witnessed the greatest heist or planned destruction in the history of a country.
3. This is not an ordinary act of looting by poverty-stricken or hungry people from informal camps.
4. South Africa must understand that truth about the planning that went into these acts of crime!
5. The country has witnessed the result of organised crime and corruption that has not been told.
6. This is not an ordinary act of political and civil unrest - over that arrest of the former president.
7. South Africa must realise that truth about the acts and omissions and actions about the crime!

South Africa must begin to count the cost of ignorance and propaganda - relating to the acts of crime.

1. South Africa has been deceived: betrayed and plundered by people of influence - in these acts.
2. More than 1.5 million rounds of ammunition and automatic weapons were stolen - in Mobeni.
3. Under SAPS protection this was achieved and Value Logistics were cleaned out in other depots.
4. More than just food was stolen and all long-life bulk food was stolen to sustain a military army.
5. Under SAPS and private security protection Makro and Game were targeted for camping gear.
6. More than just electronic and surveillance equipment was stolen from all these retail outlets.
7. South Africa has been misled into believing that only these poor and political activists did this!

South Africa must begin to count the cost of apathy and silence to the levels of corruption and crime!

1. South Africa must be informed about that military-style control centres were established in it.
2. Cameras and computers and solar panels were stolen from Game: Makro and Musket to do it.
3. Covid 19 curfews were used to rob the ATMS - and all the big stores and warehouses at night.
4. South Africa must be informed about the precision and the burning of malls and the factories.
5. Combat weapons and incendiary grenades were used to ignite the flames and looting follows.
6. Conclusions are that Dunlop tyres and other factories were all cleaned out but few recovered.
7. South Africa must be informed that Dischem and pharmaceutical suppliers were also targeted.

SOUTH AFRICA: THE NATURE OF THE CRIMES: THE LOSS TO ECONOMY: IT IS HIGHLY ORGANISED!

1. South Africa has learnt from a burning: looting: lawlessness - and an absence of law and order.
2. The citizens of South Africa have gained an invaluable knowledge and experience - in 27 years.
3. The country and all sectors of society have gained a 'valuable lesson' - in all these recent weeks.
4. South Africa has learnt from a history of crime and corruption - and also in this failed economy.
5. The citizens of South Africa have gained an invaluable research and had the time to plan ahead.
6. The country and all sectors of society cannot deny: or oppose: or dispute - or ignore this lesson.
7. South Africa has learnt from the bitter experience that the economy is everything and it is lost!

South Africa needs a solution to peace: food security: crime: corruption - and also this justice system!

1. South Africa has learnt that food security and poverty relief should be a priority of government.
2. It is economic certainty: political stability and investor confidence that creates vibrant economy.
3. It is a law and order: rule of law: and adherence to The Constitution that builds that confidence.
4. South Africa has learnt that socio-economic growth and development - are essential for peace!
5. It is essential infrastructure and a Batho Pele – **People First** – service delivery that provides that.
6. It is a need to heed all the global warnings and a Global Business Confidence Index - in 27 years.
7. South Africa has learnt from this lawless act that an economy is the most important entity to us.

South Africa needs a solution to freedom from lawlessness: violence: terrorism – and acts of revenge!

1. South Africa has learnt from more than 2 decades that government cannot create employment.
2. It is a duty and responsibility of government to protect and defend and maintain law and order.
3. It is that duty of the 278 municipalities to provide infrastructure and bulk services to all people.
4. South Africa has learnt from more than 2 decades that spatial development is key to economy.
5. It is the moral imperative of municipalities to provide the protection of the economy at all cost.
6. It is that duty of the SAPS and SADF to ensure that property: lives and the economy are all safe.
7. South Africa has learnt from more than 2 decades that a vibrant economy is the key everything.

South Africa needs a solution to a destroyed economy and Junk Status and Recession we have in 2021.

1. South Africa has learnt from a recent disaster - and the lesson needs to be used to find solution.
2. The lesson includes that support of more than 27 years of meticulous research and all planning.
3. It is also supported by more than 30 years of community engagement - and patient preparation.
4. South Africa has learnt from these many years of lessons and preparation - to find that solution.
5. The lesson includes that reality that food security and socio-economic development are critical.
6. It also includes the reality that lawlessness and corruption is that enemy of an entire economy.
7. South Africa has learnt from the many years of crime and corruption that law and order is key!

South Africa needs a solution that is needs and purpose-driven and one that the country will embrace.

1. South Africa must now begin the building process and that focus must also be on the economy.
2. There will be no rates and taxes or infrastructural growth and development - without economy.
3. There will be no peace and stability without investor confidence and also that vibrant economy.
4. South Africa must now take responsibility to ensure that the government protect that economy.
5. There will be no food security: poverty and disaster relief unless we can stimulate the economy.
6. There will be no employment: skills transfer: improved health and education without economy.
7. South Africa must now ensure that we also learn from these lessons - and protect this economy.

THE GIDEON PROJECT: OPERATION NEHEMIAH: FOOD FOR GUNS: IT IS ALL ABOUT THE ECONOMY!

1. The Christian Coalition was established in 1996 to provide practical solutions to all challenges.
2. The Solomon Project was developed over the past 25 years and was presented to government.
3. The project was to address food security: law and order: and it deal with high levels of poverty.
4. The Solomon Projects deals with crime and corruption and the need for all that law and order.
5. The project included establishing the South African Christian Chamber of Business in July 2019.
6. The Solomon Project deals with the Junk Status: economic Recession and also the job creation.
7. The Project also included establishing the National Peace Commission - that was done in 2019.

The Solomon Project deals with the poverty and crime in these 550 informal settlements in KZN alone!

1. The Christian Coalition was all established to be a united Voice of Truth: Reason and Wisdom.
2. The National Peace Commission was all established to be that United Voice - of Public Opinion.
3. The United Nations of South Africa was established in 2020 to unite the people of this country.
4. The Christian Coalition was all established to be a united Voice for that 80% Christian majority.
5. The Business Chambers against Crime and Civil Society against Corruption are included in these.
6. The Gideon Project: Operation Nehemiah was developed to deal with a lawlessness and crime.
7. The Christian Coalition was all established to provide practical solutions to all these challenges.

The Gideon Project: Operation Nehemiah deals with removing illegal guns from South Africa - in 2021.

1. South Africa has a history of the wars: terrorism: civil and political and tribal and labour unrest.
2. It is a hostile: violent and tribal country that is burning in July 2021 - and it is a lawless country.
3. It is also a country that was never '**DECOMMISSIONED**' at the time of the Referendum in 1992.
4. South Africa has a history of armed liberation struggle and militant revolutions since that 1955.
5. It is an intolerant and troubled country that is destroyed in July 2021 – and by organised crime.
6. It is also a country that was never protected and defended since a '**DEMOCRACY**' in that 1994.
7. South Africa has a history of farm and home invasions and that is destroying that food security!

The Gideon Project: Operation Nehemiah deals with food security and protecting economy - in 2021.

1. South Africa needs a practical solution that deals with these two main challenges we are facing.
2. Crime and corruption needs to be dealt with as crimes against humanity and also this economy.
3. Both are barriers to a socio-economic growth and investor confidence that have not been seen.
4. South Africa needs a practical solution that protects and defends all food security and economy.
5. Both are barriers to poverty and disaster relief and these needs are all being seen in the looting.
6. Crime and corruption needs to be dealt with by a United Nations of South Africa - in this season.
7. South Africa needs a practical solution that provides peace - and freedom from this lawlessness.

The Gideon Project: Operation Nehemiah deals with lawlessness: and need for law and order in 2021.

1. South Africa needs a Biblical Blueprint: Roadmap for Reformation and peaceful change in 2021.
2. A citizen's army to protect the community and the economy is the only solution in these times.
3. South Africa has an 80% Christian majority in this country that is a hurting and a troubled land.
4. A citizen's army is a militia that establishes a Community Command Centre to protect a country.
5. South Africa has a great need to get united: armed: trained and to get organised and mobilised.
6. A citizen's army is the only solution to deal with this removal of illegal guns in our lawless land.
7. South Africa needs Biblical Direction and it is in *Numbers 1:2-3; Judges 3:2; 5:8; Nehemiah 4:14* and *Exodus 22:2; Deuteronomy 20:9; 14:1-4; 1Samuel 25:13; 13:19-22* and this is a command!

THE GIDEON PROJECT: OPERATION NEHEMIAH: FOOD FOR GUNS: GETTING UNITED: ORGANISED!

1. South Africa needs that food security and a stable economy.
2. The citizens need to protect their communities and the economy.
3. South Africa needs that leadership and management to achieve this.
4. The citizens need to unite and get organised and establish infrastructure.
5. South Africa needs to establish the Community Command Centres to do all this.
6. The citizens need to get organised and take back the authority and manage centres.
7. South Africa needs the citizens need to lead this and restore law and order and the economy.

THE PLANNING: PREPARATION: AND THE WHO: WHAT: WHERE: HOW: AND WHEN FACTORS ARE KEY.

1. South Africa needs this Private and Public Sector Partnership in July 2021 and cooperation.
2. The citizens need to consolidate and identify the high risk areas and priorities and activities.
3. South Africa needs that Meritocracy: Pragmatism and leadership and management to do it.
4. The citizens need that hope and something that is practical - and achieves the desired aims.
5. South Africa needs to assess the cause of the crisis and provide the practical solutions to this.
6. The citizens need to take back the economy and the responsibility to protect and defend this.
7. South Africa needs those critical thinkers and strategic planners to bring entire project to life.

THE PREPARATION: AND THE SO-WHAT SITUATION: THE NEED FOR COLLABORATIVE COOPERATION.

1. South Africa needs this Gideon Project and Operation Nehemiah for all the benefit it provides.
2. The country should have insisted that all illegal guns were removed at the time of Referendum.
3. South Africa needs The Solomon Project that deals with all the social and economic challenges.
4. The country should have insisted that the public and the economy were protected - since 1994.
5. South Africa needs The National Peace Commission to provide the unity and the solidarity in it.
6. The country should have insisted that a peace and law and order were maintained - at all times.
7. South Africa needs The United Nations of South Africa to ensure that Food 4 Guns is a success!

THE PUBLIC SECTOR ROLE: PURELY SUPPORTIVE: THE NEED FOR ALL THAT COLLABORATIVE JUSTICE.

1. South Africa needs collaborative justice and the entire infrastructure to prosecute the criminals.
2. The SAPS and SADF will play a supportive role in this project - and will make resources available.
3. These resources include manpower: vehicles: communications and the full spectrum of support.
4. South Africa needs investigation units: military intelligence: law and order: and the rule of law!
5. The SAPS and SADF will provide whatever is required to achieve these praiseworthy objectives.
6. These resources include all the political will to ensure that the economy becomes that priority.
7. South Africa needs Batho Pele – People First – Principles and that ‘service delivery’ is expected.

THE PRIVATE SECTOR ROLE: THE LEADERSHIP ROLE: MANAGEMENT: A NEED TO PROTECT ECONOMY.

1. The main objective is to restore law and order: peace: and that freedom from that lawlessness.
2. The primary purpose is to remove the illegal guns and ensure that the law and order is secure.
3. The main aim is to provide an economic certainty: political stability - and protect this economy.
4. The primary cause of lawlessness is the failure to deal with these acts of crime and corruption.
5. The main reason why this has been allowed is the lack of political will - and the judicial system.
6. The primary objective of this entire initiative is to provide entire essential platform for change.
7. The main leadership and management teams will ensure that these outcomes are all achieved.

THE GIDEON PROJECT: OPERATION NEHEMIAH: FOOD FOR GUNS: BRINGING THE PROJECT TO LIFE.

- 1. Involvement** – as these interest groups all need to be actively involved in this main project.
- 2. Investment** – the public and a private sector also need to provide these essential resources.
- 3. Innovation** – the strategic planning needs to be unique and all insightful and also effective.
- 4. Interest** – the interest must be stimulated - and awareness created at a national level for it.
- 5. Intelligence** – the entire initiative will depend on that intelligence - and community support.
- 6. Infrastructure** – the essential and effective infrastructure must be provided to achieve aims.
- 7. Implementation** – the leadership and management must be capable and experienced people.

THE PRIVATE SECTOR: INTEREST GROUPS: THE KEY PERFORMANCE AREAS: AND THE COORDINATION.

- 1.** South Africa needs an Action Plan to deal with the rebuilding of the economy and the security.
- 2.** The Captains of industry and mind leaders in commerce need to take the leadership in all this.
- 3.** The business chambers must take the responsibility of managing these activities of the project.
- 4.** South Africa needs a Battle Plan to deal with the protection and defence of the fragile economy.
- 5.** The private sector and religious leaders must participate: and get involved in an entire initiative.
- 6.** The global business community and rating agencies must take this project into mindful account.
- 7.** South Africa needs the Gideon Project to unite the private sector - and remove illegal weapons.

THE PRIVATE SECTOR: SPECIFIC TASKS: A COLLECTION OF WEAPONS: PROVIDING ALL THE INCENTIVES.

- 1.** South Africa needs to remove the illegal weapons from the communities and manage a process.
- 2.** The private sector has the security companies and the resources to ensure this can be achieved.
- 3.** It also has the ability to deal with the management: control and safekeeping of all the weapons.
- 4.** South Africa needs to remove all the lawlessness from our society and to protect that economy.
- 5.** The private sector has the resources to ensure that this process is able to achieve all the results.
- 6.** It also has the ability to deal with the challenges of getting the incentives in place for all release.
- 7.** South Africa needs to remove the stigma and a shame of being a crime capital - of entire world.

THE PRIVATE SECTOR: SPECIFIC OUTCOMES: REMOVE ILLEGAL GUNS: RESTORE THE PEACE IN A LAND:

- 1.** South Africa has a failed economy: and Recession - with more than 550 squatter camps in KZN.
- 2.** More than 20 million people are on social grants and these have been removed by the SASSA.
- 3.** There is an unemployment rate of more than 45% and more than 50% in an entire youth sector.
- 4.** South Africa has a failed justice system - and the crime statistics are the evidence of this reality.
- 5.** There is an urgent need to restore peace and stability in our country and rebuild the economy.
- 6.** More than 1.5 million people have been deprived of income in these recent riots and violence.
- 7.** South Africa has a failed SAPS and SADF capability that became evident - in all that lawlessness.

THE PRIVATE SECTOR: SPECIFIC CHALLENGES: LACK OF POLITICAL WILL: RESISTANCE TO THE PROJECT.

- 1.** South Africa has the greatest need for this Gideon Project - and the timing is also perfect for it.
- 2.** The need cannot be denied or disputed and certainly cannot be ignored - after a recent unrest.
- 3.** The Solomon Project was presented to the Office of the Premier in 2019 and it was all ignored.
- 4.** South Africa has the greatest need for The Gideon Project - and it was also presented in 2009.
- 5.** The need cannot be denied or disputed - but it was all ignored by the public sector since 2009.
- 6.** The Solomon Project was presented to both government and municipalities since March 2009.
- 7.** South Africa has the greatest need for the Gideon Project - and it will not be ignored anymore!

THE NATIONAL PEACE COMMISSION: THE SOLOMON PROJECT: AND ALSO THE GIDEON PROJECT.

1. The Solomon Project was established after 27 years of research: planning - and preparation.
2. The Christian Coalition was established to unite the moral majority and find those solutions.
3. The needs of the country and communities were identified through the meticulous research.
4. The Solomon Project was established after 27 years of development - and civil engagement.
5. The needs have been met with practical solutions and pragmatic strategies after all research.
6. The Christian Coalition was established to deal with the challenges - that exist in our country.
7. The Solomon Project was established after 27 years of identifying the needs of a community.

The Solomon Project was established to meet the challenges of this country and to build an economy.

1. The priority in this country is for food security - and to provide solutions to all this lawlessness.
2. The main cause of this loss in food security and crime is due to a failure to address the threats.
3. The indirect cause of this crisis has been a lack of political will - and also increasing corruption.
4. The priority in this country is for economic certainty: political stability and investor confidence.
5. The main cause of this humanitarian and economic crisis is due to ignoring all these warnings.
6. The indirect cause of this crisis has been that lack of leadership and management - in our land.
7. The priority in this country is for the removal of illegal firearms and reduction in all this crime.

The Solomon Project was established to meet the real threats that exist in the country in the economy.

1. The Solomon Project is supported by documents and proposals that were all developed in 2009.
2. These include The Fundraising Strategies and Uniting the Moral Majority to deal with all issues.
3. They also include The Crime and Corruption and Unemployment: and also all Food Distribution.
4. The Solomon Project is supported by more than 30 years of practical implementation of these.
5. These include the distribution of staple diet food products into communities in Kwa Zulu Natal.
6. They also include the establishment of the first Car Watch and Car Guard concept - in Durban.
7. The Solomon Project is supported by that establishment of The Ark of Compassion - in Durban.

The Solomon Project was established to meet those specific needs that have been brought to a reality.

1. The priority in this country is for Meritocracy: Pragmatism and leaders with that moral compass.
2. The main objectives of all this project development is to ensure that this economy is protected.
3. The primary aim of The Solomon Project is to provide the Roadmap to Reformation and change.
4. The priority in this country is for socio-economic growth and development and stable economy.
5. The primary purpose of this Executive Summary is to provide the guidelines for that leadership.
6. The main objectives of all this research: planning: and a preparation is to provide that direction.
7. The priority in this country is for infrastructural development - to create that vibrant economy.

The Solomon Project was established to meet all those specific needs that are required in South Africa.

1. The Solomon Project is most certainly not a Christian thing but rather a solution to entire crisis.
2. Every single aspect of these social: economic: political: health and justice issues are addressed.
3. The local: provincial: national and global dynamics have been taken into careful consideration.
4. The Solomon Project is most certainly not a Christian thing but rather promotes the solidarity.
5. Every single race: religious group: and citizens in our country are affected by these challenges.
6. The United Nations of South Africa is the solution to the peace: stability - and also an economy.
7. The Solomon Project is most certainly not a Christian thing - but rather a solution to all Peace!
